French- Swedish Smart Mobility Call 2019

Three roles

FINANCIER

NATIONAL EU
NODE

EXPERT
AGENCY

Bpifrance,

a public investment bank,
is the trusted partner for entrepreneurs

Bpifrance finances businesses from the seed phase
to transfer to stock exchange listing, through loans, guarantees and equity.

Bpifrance accompanies firms developing export activities and provides
support for their innovation projects.

Bpifrance also insures, now, their export activity
through a large range of products*.

Consulting missions, training days, networking and acceleration programs
have become an important part of the offer we propose to entrepreneurs.

* Bpifrance Assurance Export insures, on behalf of the State
and under its control, your business overseas.

** in 2017.

EUREKA Mobility Projects

Purpose of the FR-SE call

Leverage our respective funding agencies to create:

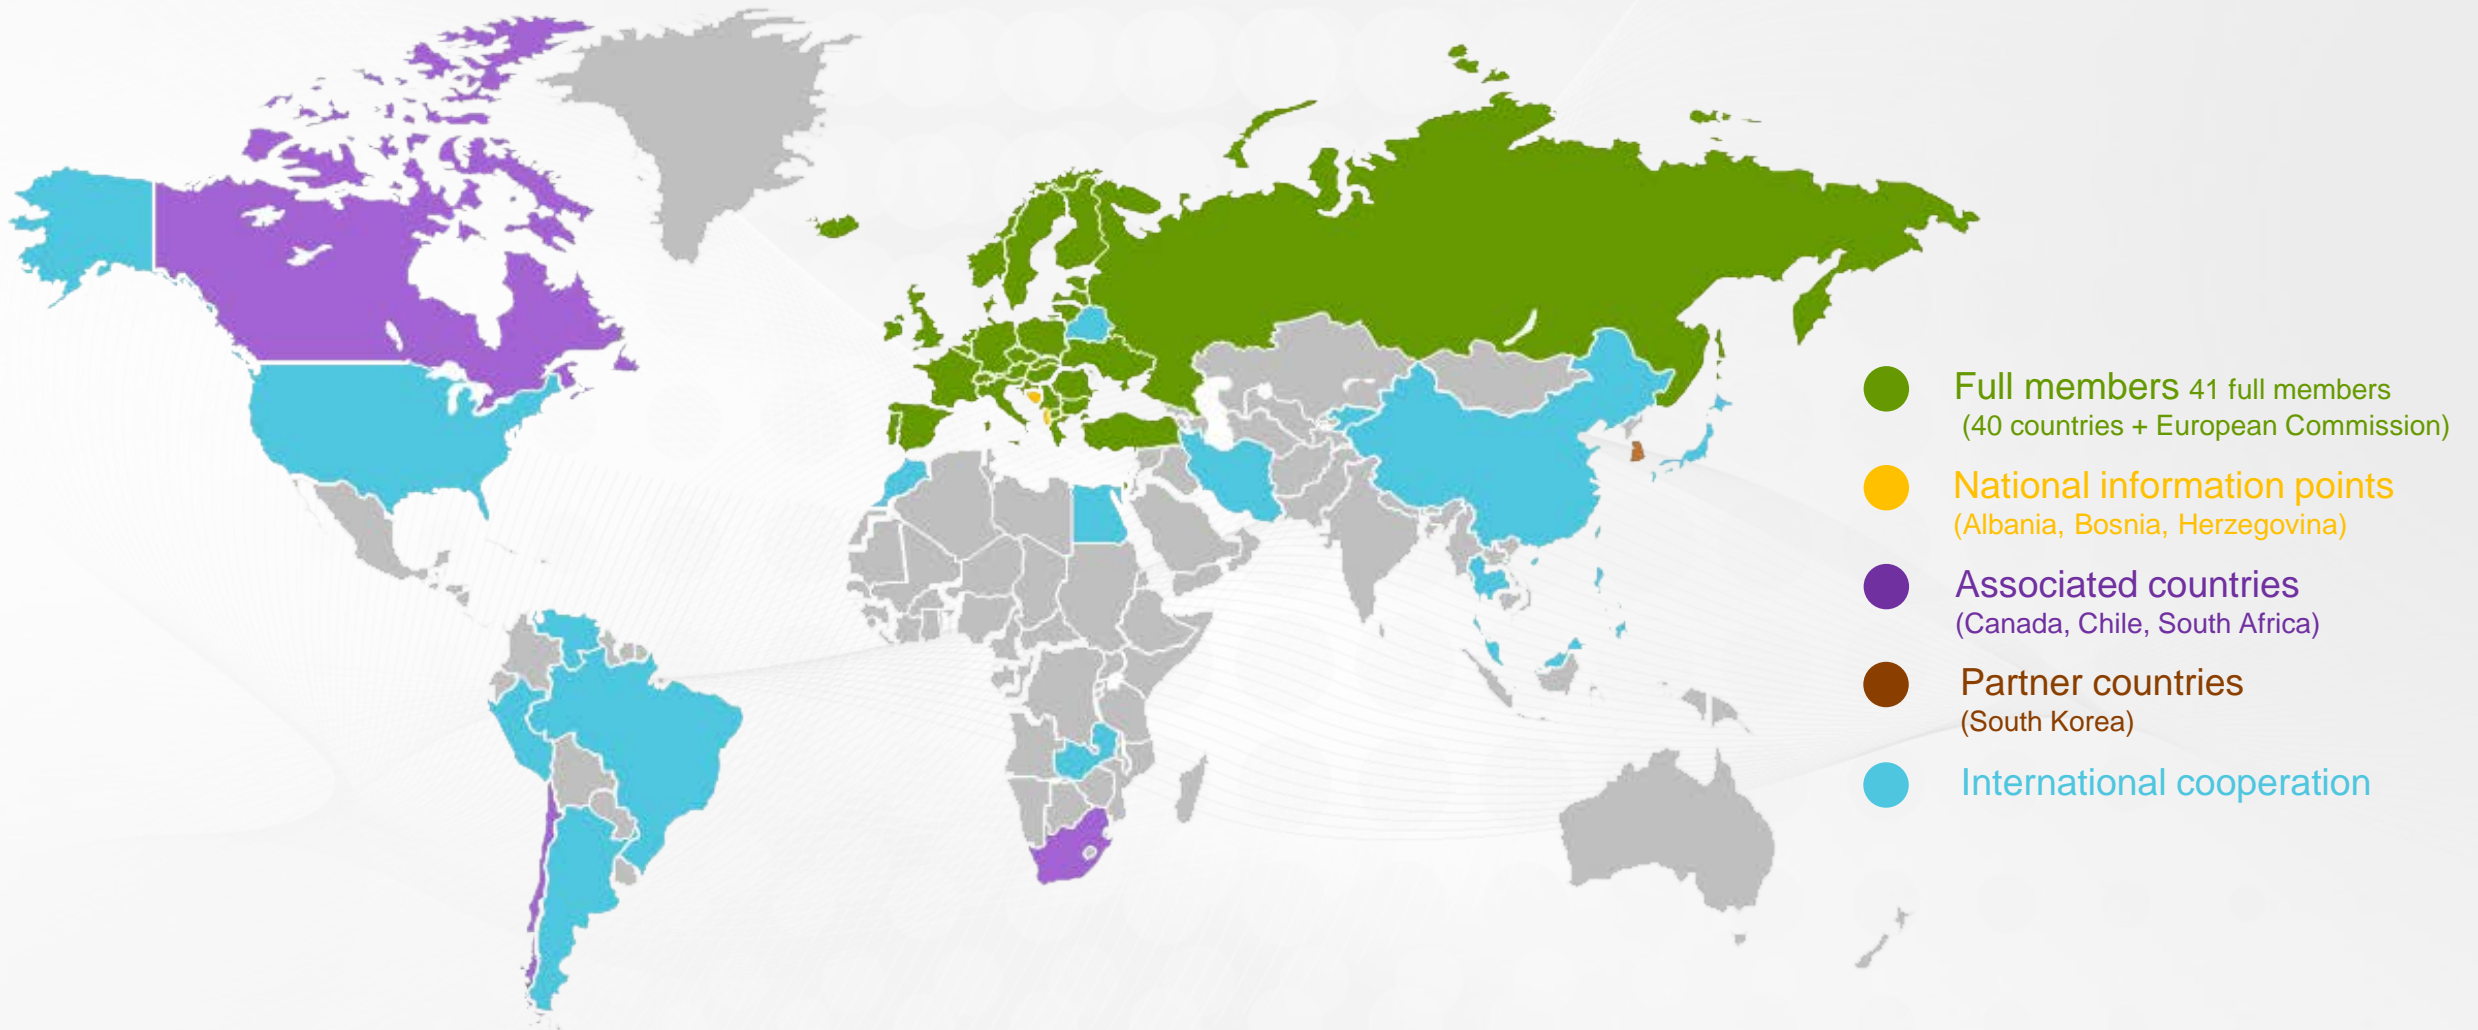

- Increased R&D-collaboration
- Synergies between FR and SE ecosystem
- Develop and test new products, services or methods
- Strong consortiums for future R&D-projects

Scope

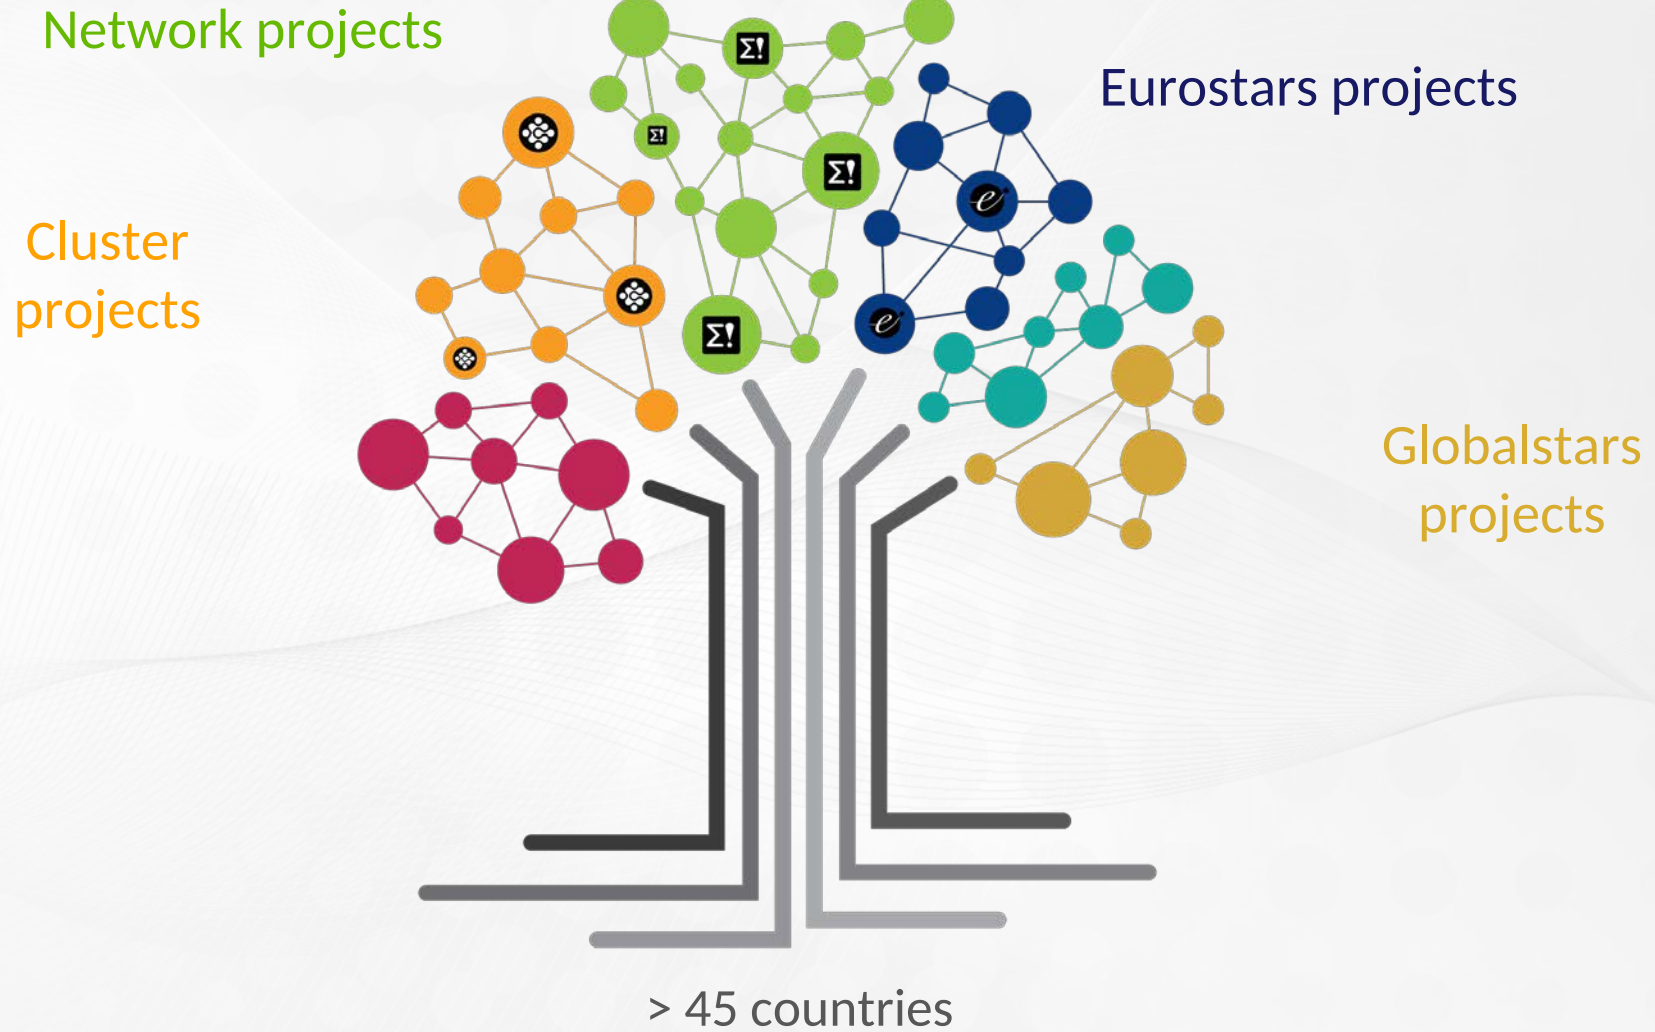

Smart Mobility: Innovations for a digitalized and automated transport system

Focus area should be how connected, shared and automated vehicles can contribute to more accessible, sustainable and efficient transport systems

THE NETWORK

EUREKA instruments

Project Requirements

 Tech Partnership: share of technology between the two partners

 Who? To lead a project you must be a business. In France, you must have less than 2000 employees. Other partners under certain conditions.

 When/How long? Projects will have a minimum and maximum time limit of 12 and 24 months respectively

 A balanced relationship: The amount of funding available per project partner is subject to national rules and regulations but no individual partner, or parties from one country, can undertake more than 70% of the eligible project costs
